

**Speak out against
the MTA's
fare hike sham!**

The fare hike is a sham. That's what New York's state and city comptrollers just found in reviewing the MTA's finances.

They found that the MTA kept two sets of books, "one for the public and one that it kept to itself"—and hid a surplus of \$500 million while calling for a \$2 subway and bus fare. That's why we've sued the MTA. A state judge is now considering whether to order a rollback of the fare.
